ANATOMICAL DISSECTION AND GRAFTING PROCEDURES ON HUMAN SPECIMENS

Guided implant placement, live surgery procedures.

VIENNA, AUSTRIA

March 8-10, 2010

March 11-13, 2010

October 7-9, 2010

COURSE DIRECTORS:

Prof. Dr. Dr. Rolf Ewers

Prof. Dr. Dr. Gerald Krennmair

Dr. Dr. Astrid Reichwein

Dr. Rudolf Seemann

(validated by the Österreichische
Zahnärztekammer ZFP-ÖZÄK)

In association with the University Hospital
for Cranio Maxillofacial and Oral Surgery,
the CMF Institute Vienna and the Anatomical
Institute of the Medical University of Vienna.

camlog

Ladies and Gentlemen,

This three-day course is designed for surgically active practitioners, who want to enhance their experience in GBR and grafting/bone harvesting techniques. Comprehensive information on the human cranial and oral anatomy will be given in a theoretical session.

Each participant will spend one day in the dissection laboratory where extensive hands-on exercises on human cadaver specimens will be performed. Nerve and artery preparation/dissection, graft harvesting procedures utilizing standard preparation techniques, sinus elevation and bone splitting procedures including implant placement will be exercised.

3D planning of complex cases and the prosthetic aspects of guided implant placement will be presented. A live surgery using the CAMLOG® Guide system will be performed in the CMF Institute / CAMLOG Competence Center.

**THE LEVEL OF THIS COURSE
IS ADVANCED TO COMPLEX.**

On the first evening, we are going to have dinner together in a "Heuriger", an exceptional type of restaurant only to be found in Austria in general and in Vienna, in particular. The word "Heuriger" is so specifically Austrian that no English term exists for it. It is the name given to a wine tavern and restaurant, where patrons can experience a unique atmosphere of "Gemütlichkeit" and where originally only the most recent year's wine was served. There is also a specific kind of music and special food typical for a "Heuriger".

PROGRAM

Day 1 – CMF Institute

9am - 6pm

Theory

- Anatomical considerations in conjunction with GBR and dental implant procedures
- Critical issues: nerve structures, blood vessels, sinus, nasal, orbital cavities
- Possible complications
- How to handle complications
- Presentation of practical workshop and step-by-step approaches.

Evening event

- Dinner at "Heuriger"

Day 2 – Anatomical Institute

9am - 5pm

Practical workshop on human cadaver specimens

- Preparation of the lingual artery, preparation of the nervus mandibularis, lateralization of the mental nerve
- Bone harvesting techniques, chin and retromolar block transplants, bone splitting

- Implant placement in extraction sockets and defect sites
- Sinus elevation, bone grafting
- Soft-tissue transplantation
- Flap designs
- Hints & tricks

Day 3 – CMF Institute

9am - 2pm

Theory and live demonstration

- CAMLOG® Guide Workflow
- 3D planning of complex implant cases & guide fabrication
- Restorative aspects of guided implant placement
- Live surgery with the CAMLOG® Guide
- Closing statements
- Certification ceremony

INFORMATION

Course Venues:

CMF Institute Vienna
CAMLOG Competence Center
Schumannngasse 15, A-1180 Wien

Anatomical Institute
of the Medical University of Vienna
Währingerstrasse 13, A-1090 Wien

Language: English

Course Fee:

€1'900.– including course materials,
coffee breaks, lunches and evening event
on first evening

Number of Participants:

max. 24

CE Credit:

23 points (validated by Österreichische
Zahnärztekammer ZFP-ÖZÄK)

Accommodation:

Arcotel Boltzmann****
Boltzmannngasse 8, A-1090 Vienna
Phone: +43 1 316 12 0
Fax: +43 1 316 12 816
e-mail: boltzmann@arcotel.at
www.arcotel.at/boltzmann

Rates: € 80 single room, € 110 double room.
The rates are per room/night incl. breakfast.

Hotel Regina****

Rooseveltplatz 15, A-1090 Vienna
Phone: +43 1 404 460
Fax: +43 1 408 83 92
e-mail: regina@kremselehnerhotels.at
www.kremselehnerhotels.at
Rates: € 99 single room, € 109 double room.
The rates are per room/night incl. breakfast.

Booking code for both hotels: "CAMLOG"
For reservation, please, contact the hotel
directly.

Registration:

CAMLOG Biotechnologies AG
Mrs. Gabriella Schraner
Margarethenstrasse 38, CH-4053 Basel
Phone: +41 61 565 41 52
Fax: +41 61 565 41 01
e-mail: gabriella.schraner@camlog.com

After registration, you will receive a detailed
list of all surgical instruments you should
take with you to the course. Consumable
materials (gown, head protection, mouth
protection, gloves, suture material etc.) will
be provided by the course organization.
