Ladies and Gentlemen

This unique two day course is designed for surgically active participants who like to enhance their skills in the gentle management and handling of soft tissues for optimal clinical, esthetical and functional outcome. The first half day will be composed of theoretical and clinical information and presentation by the two very experienced experts, Dr. Axel Kirsch and Prof. Rolf Ewers.

The afternoon of the first day and the whole second day will be the practical part of the course at the Anatomical Institute of the Medical University of Vienna. Each participant has the possibility to exercise the procedures and techniques presented during day one. Excellent demonstration via a Zeiss stereomicroscope offers best pictures and visibility of each procedure step by step.

THE LEVEL OF THIS COURSE IS ADVANCED TO COMPLEX FOR EXPERTS.
